

Dunheved Road Upgrade

February 2026

Australian Government

BUILDING AUSTRALIA

Night Work – pothole investigation

Penrith City Council has appointed Georgiou Group to deliver the early works component of the Dunheved Road Upgrade. This project is fully funded by the Australian Government. As part of the early works, Georgiou Group will carry out night work on **Friday 6 March 2026**.

What work are we doing?

Georgiou will carry out geotechnical, environmental and utility investigation work.

This work will include the use of:

- Vacuum trucks
- Road saw
- Tipper trucks

When and where we'll be working

We will be working at the Dunheved Road and Richmond Road intersection. Our night work hours are **8pm to 5am**.

What will this mean for you?

You may notice:

- Workers and vehicles
- Reduced speed limits and pedestrian detours
- Noise from machinery and equipment including road saw, drills, excavators, vacuum trucks and tipper trucks.
- Minor traffic interruptions.

We aim to manage our night work to avoid impacts to the community and the environment. This includes fencing for safety and security, and installing noise blankets and reducing noise, where possible.

Traffic changes

Please keep to speed limits and follow the directions of traffic controllers and signs. For the latest traffic updates, contact 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Thank you for your patience during this important work.
