Dear Community Panel

St Clair Public School Community would like to see an upgrade of the facilities at Saunders Park, Banks Drive, St Clair.

1. An upgrade of the toilet facilities is needed urgently including disabled toilet facilities.
2. The inclusion of canteen/ kitchen facilities
3. Optimum upgrade would also include:
  - An all-weather circular running track
  - An all-weather straight running track
  - Seating on the hill outside the facilities
  - Refurbishment of long jump pits, shot put areas and discus cages.
  - Additional trees for shade around the park

The least needed would include:

- The running tracks being levelled and marked permanently
- Regular maintenance on all Athletics areas.

Yours sincerely

Judy Loader
